

The American with Disabilities Act (ADA) Attestation

Provider Name (print): _____

Date: _____

Provider Signature: _____

Provider Address: _____

Specialty: _____

The Americans with Disabilities Act (ADA) is a federal statute that requires public accommodations to provide goods and services to people with disabilities on an equal basis as that provided to the general public. Structural barriers to access should be removed only when the correction is readily achievable, which is defined by the law as easily accomplished and able to be carried out without much difficulty or expense. ValueOptions is required to report aggregate statistics by geographic area and specialty on the percentage of providers that practice in ADA compliant facilities. Toward that end, we request that you respond to the following questions. Important: A new form needs to be completed and submitted to ValueOptions each time a practitioner joins a new office or has moved to a new location.

Please enter your overall assessment based on the answers provided in the ADA Checklist. If an ADA Objective in either the Access to Facility from the Exterior or Access to Interior Spaces sections is answered NO, then the office is not considered accessible from points of entrance to exam rooms. If an objective is italicized it should not be considered as part of your summary assessment. If an ADA Objective in the Access to Public Lavatory section is not italicized and is answered NO, then the public lavatory is not considered accessible.

Access to Facility from the Exterior

1. Does the office have at least one wheelchair-accessible path from an entrance to an exam room? Yes No
2. Examination tables and all equipment are accessible to people with disabilities. Yes No
3. If parking is provided, spaces are reserved for people with disabilities, pedestrian ramps at sidewalks, and drop-offs. Yes No
4. If parking is provided, are there an adequate number of parking spaces provided (8 feet wide for a car and 5 foot access aisle)? Yes No

Total Spaces	Accessible Spaces
1-25	1
26-50	2
51-75	3
76-100	4

5. For a provider with a disability-accessible parking space, is there a path of travel from the disability-accessible parking space to the facility entrance that does not require the use of stairs?
- Yes No
- Is the path of travel stable, firm and slip resistant? Yes No N/A
 - Except for curb cuts, is the path at least 36 inches wide? Yes No N/A
6. Is there a method for persons using wheelchairs or that require other mobility assistance to enter as freely as everyone else?
- Yes No
- Is that route of travel safe and accessible for everyone, including people with disabilities? Yes No N/A
7. Does the main exterior entrance door used by persons with mobility disabilities to access public spaces meet the following standards:
- 32 inches clear opening. Yes No
 - 18 inches of clear wall space on the pull side of the door, next to the handle. Yes No
 - The threshold edge is no greater than ¼ inch high or if beveled, no greater than ¾ inches high. Yes No
 - The door handle is no higher than 48 inches high and can be operated with a closed fist. Yes No
8. Are there ramps to permit wheelchair access?
- If yes, complete the following 4 questions:
- Are the slopes of the ramp accessible for wheelchair access? Yes No
 - Are the railings sturdy and high enough for wheelchair access? Yes No
 - Is the width between railings wide enough to accommodate a wheelchair? Yes No
 - Are the ramps nonslip and free from any obstruction (cracks)? Yes No
9. If there are stairs at the main entrance, is there also a ramp or lift or is there an alternative accessible entrance?
- Yes No
10. Do any inaccessible entrances have signs indicating the location of the nearest accessible entrance?
- Yes No
11. Can the accessible entrance be used independently and without assistance?
- Yes No
12. Are doormats ½ inch high or less with beveled or secured edges?
- Yes No

Access to Interior Spaces

13. Are waiting rooms and exam rooms accessible to people with disabilities? Yes No
14. The layout of the interior of the building allows people with disabilities to obtain materials and services without assistance. Yes No
15. The interior doors comply with the criteria set forth above regarding the exterior door. Yes No
16. The accessible routes to all public spaces in the facility are 31 inches wide. Yes No
17. There is a 5 foot circle or a T-shaped space for a disabled person using a wheelchair to reverse direction in public areas where services are rendered. Yes No
18. All buttons or other controls in the hallway are no higher than 42 inches. Yes No
19. Elevators in the facility meet the following standards:
- There are raised and Braille signs on both door jambs on every floor. Yes No
 - The call buttons in the hallway are not higher than 42 inches. Yes No
 - The controls inside the cab have raised and Braille lettering. Yes No
20. Are sign language interpreters and other auxiliary aids and services provided in appropriate circumstances? Yes No

Access to Public Lavatory

21. Is the public lavatory wheelchair-accessible? Yes No
22. With respect to the public restroom, the accessible route, the exterior door and the interior stall doors comply with standards set forth above for exterior doors. Yes No
23. There is at least one wheelchair accessible stall in the public restroom that has an area of at least 5 feet by 5 feet, clear of the door swing; OR there is at least one stall that is less accessible but that provides greater access than a typical stall (either 36 by 69 inches, or 48 by 69 inches). Yes No
24. In the accessible stall of the public rest room there are grab bars behind and on the side wall nearest the toilet. Yes No

25. There is one lavatory in the public restroom that meets the following standards:

- 30 inches wide by 48 inches; deep bar space in front. Yes No
- (A maximum of 19 inches of the required depth may be under the lavatory). Yes No
- The lavatory rim is no higher than 34 inches. Yes No
- There is at least 29 inches from the floor to the bottom of the lavatory apron. Yes No
- The faucet can be operated with a closed fist. Yes No
- The soap dispenser and hand dryers are within reach and usable with one closed fist. Yes No
- The mirror is mounted with the bottom edge of the reflecting surface 40 inches from the floor or lower. Yes No

I, _____, hereby attest that we are a provider that has a physical site at which FIDA Participants might possibly be physically present and that the answers provided are accurate. Also, I do hereby attest that I hold the authority to make these attestations.
