

TennCare Clinical Criteria Gap Analysis

** The word "Compatible" is used to indicate that the criteria on hand isn't an exact match but seems to be compatible with the TennCare LOC descriptions and is a good starting point to develop what is needed.*

| Service | Children | Adults | Comments |
|----------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|
| Psychiatric Inpatient Hospital | National- Child/Adol IPMH | National- Adult IPMH | |
| 24 Hour Psychiatric Residential Treatment | National- Child/Adol RTC | National- Adult RTC | |
| Outpatient Mental Health Services - MD Services | National- Child/Adol Med Mgmt Management | National- Adult Med Mgmt | |
| Outpatient Mental Health Services - Non-MD Services | National- Child/Adol OPMH | National- Adult OPMH | |
| Day Treatment | National- Child/Adol Day Treatment | National- Adult Day Treatment | |
| Partial Hospitalization | National- Child/Adol PHP | National- Adult PHP | |
| Applied Behavioral Analyst | Applied Behavior Analyst Compatible | NA | This service is not usually applicable for adults. Are we sure they require it? This one was created using the basic data we had. |
| Crisis Services: ➤ Mobile Crisis ➤ Walk-In ➤ Telephonic | <ul style="list-style-type: none"> ➤ National- Child/Adol Mobile Crisis Team ➤ Walk-In Crisis Service ➤ Telephone Crisis Service | <ul style="list-style-type: none"> ➤ National- Adult Mobile Crisis Team ➤ Walk-in Crisis Service ➤ Telephone Service | These criteria were put into standard template form |
| Crisis Respite | Respite- child Compatible | VO-PMHP 108 Respite Care-Adults | |
| Crisis Stabilization Unit | National- Child/Adol Crisis Stabilization Uunit | National- Adult Crisis Stabilization Unit | |
| Inpatient SA Treatment | ASAM | Same | (There are some local SA criteria floating |

|------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (Rehab) | | | around on most LOC if anyone wants them....) |
| Inpatient SA Treatment (Detox) | ASAM | Same | |
| OP SA Treatment and Detox | ASAM | Same | |
| Mental Health Case Management ➤ Level I ➤ ACT/PACT ➤ CCFT ➤ CTT ➤ Level 2 | ➤ National- Child/Adol Case Management ➤ PACT 6-25-07 ➤ CCFT ➤ CTT ➤ VO-PMHP 107 Specialized Case Management | ➤ National- Adult Case Management ➤ PACT 6-25-07 ➤ CCFT ➤ CTT ➤ VO-PMHP 107 Specialized Case Management | PACT was put into standard template form; CCFT and CTT were created using the basic data in the ones we had |
| Assessments ➤ CRG ➤ TPG | VO- PMHP 101 Evaluation and Assessment | Same | This is a local version of a national criteria that was revised to make it more compatible with Medicaid language on assessment. It will need to be revised to make it fit the specifics on these particular assessments. |
| PR Services ➤ Supported Housing ➤ Supported Employment ➤ Peer Support ➤ Psychosocial Rehabilitation | See comments | ➤ National 2.80 Comm Support Services (adults) ➤ VO- PMHP 109 Psychosocial Rehabilitation Services ➤ VO- PMHP 111 Self-Help/Peer Services | Most PR criteria are written for adult services. They will need to be revised to make them child specific and ensure there is enough Resiliency language. |
| Outpatient Lab | NONE | NONE | None will be developed |
| Transportation | NONE | NONE | None will be developed |
| Illness Management and Recovery | SAMHSA | Same | TennCare does allow locally developed criterion but VO can also use the |

| | | | proprietary criterion and 'tool kit' sponsored by SAMHSA. This is the website to access the tool kit http://mentalhealth.samhsa.gov/cmhs/communitysupport/toolkits/illness/ |
| Intensive Outpatient | National- Child/Adol IOP | National- Adult IOP | |
| Subacute Care Mental Health | Subacute MH Compatible | Same | A subacute criterion was created using the basic data we had. |
| Subacute Care SA | ASAM | Same | |
| OP Drug Detox | ASAM | Same | |
| Home Health | NONE | NONE | This one was created from scratch with no base document. |
| ECT | NA | VO-PMHP Guideline 102 ECT | It's not appropriate to have criteria labeled for children on this one, although it can be done in rare cases. I'd leave it generic without an age designator at all. This is actually a <i>guideline</i> so the data will have to be used to create an actual criterion. |
| Psych/Neuropsych Testing | National- Child/Adol Psych-Neuropsych Testing | National- Adult Psych-Neuropsych Testing | |
| 23 Hour Observation Bed | National- Child/Adol 23 Hour Observation | National- Adult 23 Hour Observation | |
| Sexual Offender Treatment Services | NONE- Create using the TennCare Sexual Offender Treatment document | NONE- Create using the TennCare Sexual Offender Treatment document | This was created using information found on the State of Tennessee website. They provide training on sexual offender treatment and provider qualifications. Criteria + 4 attachments |
