FEDERAL MENTAL HEALTH PARITY - REMINDER ON OUTPATIENT MANAGEMENT

Federal Mental Health Parity went into effect January 1, 2011 for most commercial contracts at ValueOptions®. In place of the pass through/registration model historically utilized for the standard outpatient services (individual, group and family therapy), an outlier model was adopted with a focus on individual cases by diagnostic category where the course of treatment varies significantly from expected norms. If a case is identified as an outlier, ValueOptions will request additional clinical information about the member’s treatment in order to conduct appropriate utilization management. This request for additional information is sent to the provider through ProviderConnect® via the Message Center as a Threshold Claim message and must be responded to within 15 days of receipt to utilize the response link. Some providers who do not have log-ins to the Web application will receive written requests for additional information in the standard U.S. postal mail, but this is the exception, not the norm. Therefore it is extremely important that all providers monitor their Message Centers to respond to these requests in a timely manner and to prevent any potential denial of claims. If providers wish to receive e-mail notification of new messages in the Message Center this can be set up on ProviderConnect in the My Online Profile section where an email address can be entered for notification purposes.

As part of the process of collecting additional clinical information there is a part of the review where treatment guidelines must be reviewed and endorsed. It is important that providers review the treatment guidelines related to the diagnosis they have provided for the member and endorse ALL the guidelines that are applicable. Failure to accurately provide this information can also delay the review process and result in a potential denial of claims.

For a more detailed overview of the Federal Mental Health Parity Outlier Model you may access the most recent presentation at:

ANNOUNCEMENT: EMBLEMHEALTH BEHAVIORAL HEALTH SERVICES CONTRACT AWARD EFFECTIVE JANUARY 1, 2012

On January 1, 2012 ValueOptions’ contract with EmblemHealth to administer the Emblem Behavioral Health Services Program to plan members in products underwritten by HIP or GHI HMO will become effective.

At this time, provider Agreements that were sent out earlier this summer should be returned to ValueOptions to ensure completion of the credentialing and contracting processes. If you have not already received your Welcome Packet, and are concerned about your participation status, contact the Provider Service Line at 800.235.3149.

Emblem Behavioral Health Services Program members who are in active treatment may elect to continue treatment for a period of 90 days with a provider who has declined network participation or has not completed the contracting process with ValueOptions. If a patient chooses to remain under the care of a provider who has declined network participation after the transitional 90-day period, services will not be covered as in-network and the patient may be responsible for all or a portion of the provider’s charges, depending on the plan.

If you were delivering routine outpatient mental health and substance abuse services prior to January 1, 2012, no authorization is required to deliver continued care during the 90-day transitional period. For all other behavioral health services, you can obtain prior authorization to deliver continuing care starting January 1, 2012 by contacting the Emblem Behavioral Health Services Program at 888.447.2526.

If you have any further questions or need any assistance with the contract documents, please contact ValueOptions at 800.235.3149 between 8 a.m.-5 p.m. ET, Monday through Friday. A Provider Network Representative will be available to assist you with any questions. We look forward to working with you!

VALUEOPTIONS AND MILITARY ONESOURCE

ValueOptions is pleased to have been chosen by the Department of Defense for the Military OneSource (MOS) program, providing non-medical counseling related to everyday life issues for our military men and women and their dependents, beginning October 30, 2011. There are few communities today that have not been directly impacted by the current demands of our military. Many times, the impact goes unnoticed or unaddressed. As a long time supporter of military members and their families, ValueOptions is committed to partnering with our provider network in serving this population. We are proud to be able to assist the military members and their families with the challenges & life stressors associated with deployment and re-entry issues. Our provider network is integral to this effort.

As a result, ValueOptions is inviting our current providers to join the MOS Network and partner with us to provide this critical support for U.S. Military members and their dependents. This non-medical counseling program closely parallels the counseling we offer for our EAP clients. Many of you may have received communication from ValueOptions via e-mail, fax or USPS inviting you to join our MOS network. In order to participate in this important program, you must return the documents that were sent to you and complete the trainings required.

For detailed information visit: http://www.valueoptions.com/providers/Network/Military_OneSource.htm and review the Frequently Asked Questions document.

**ARE YOU USING PAYSPAN HEALTH?**
ValueOptions partners with PaySpan Health, a multi-payer adjudicated claims settlement service that delivers electronic payments and electronic remittance advices based on your provider preferences. With PaySpan Health, you stay in control of bank accounts, file formats, and accounting processes. You can access PaySpan by going to the following Website:

[www.payspanhealth.com](http://www.payspanhealth.com)

If you use a Mac, try using Firefox as your browser. If you need to download Firefox please go to:

**DO YOU NEED HIPAA 5010 INFORMATION?**
Effective January 1, 2012, modifications will be made to the HIPAA electronic transaction standards. Current version HIPAA 4010 will be replaced with the 5010 version. In August 2011, ValueOptions began outreach to a select group of providers who submit 837 files. Additional communication regarding this topic will be available in coming months.

For additional information about HIPAA 5010, please access the ValueOptions HIPAA 5010 Frequently Asked Questions (FAQ) document.

REMINDER FOR NEW YORK CITY PROVIDERS

This is a friendly reminder that if you are a participating provider in the CHCS IPA network with ValueOptions, you are eligible to deliver care to **Liberty Health Advantage and VNS CHOICE Medicare members.**

If you have any questions or need further clarification, please visit us at [www.valueoptions.com](http://www.valueoptions.com) or contact the provider relations team at 800.235.3149.

IMPORTANT-REGIONAL PROVIDER E-MAIL ADDRESS CHANGES

Effective September 1, 2011, the ValueOptions Provider Relations Department will change the regional e-mail addresses that providers use to ask general questions for assistance.

Please check this link [http://www.valueoptions.com/providers/ProRegOffices.htm](http://www.valueoptions.com/providers/ProRegOffices.htm) to see if the regional e-mail address that you have used in the past has changed.

VALUEOPTIONS NEEDS YOUR HELP!
SEND E-MAIL ADDRESS, FAX NUMBER & PHONE NUMBER UPDATES

Have you recently changed your e-mail address, fax number or telephone number? It is very important that ValueOptions is notified when your contact information has changed. We send important communications and reminders to providers using all of these contact methods. If we do not have your most recent e-mail address, fax number or telephone number, you may miss an important update.

- To update your email address go to “My Online Registration Profile” in ProviderConnect
- To update your mailing address, telephone number or fax number you can:
  - Send an inquiry through ProviderConnect
  - Call our Provider Services Line at 800.397.1630

VALUEOPTIONS INTRODUCES PROVIDER PULSE℠

ValueOptions introduces Provider Pulse℠, a convenient, up-to-the-minute ValueOptions provider network news system designed to enhance communication with network providers. The technology sends automated telephonic messages to provider phone numbers. Provider Pulse℠ alerts providers about upcoming events, training opportunities and credentialing reminders. With Provider Pulse℠, ValueOptions enhances the ability to keep our provider community informed.

Providers should have already started to receive Provider Pulse℠ messages regarding Federal Mental Health Parity and re-credentialing application reminders. Stay tuned for additional Provider Pulse℠ messages throughout 2011.

Contact Us: Please send your comments, ideas and suggestions for upcoming editions of Provider eNews to PRelations@ValueOptions.com.
ONLINE RE-CREDENTIALING APPLICATION AVAILABLE ON PROVIDERCONNECT

The ValueOptions GreenSM Program has now expanded to include online re-credentialing. We are pleased to provide you with an option to review and submit your re-credentialing information online via ProviderConnect.

In accordance with the credentialing standards of the National Committee for Quality Assurance (NCQA), it is the policy of ValueOptions to re-credential providers on a tri-annual basis. Several months prior to your re-credentialing due date, you will receive a Provider PulseSM call from ValueOptions notifying you that your re-credentialing application is available for your review and submission. To access your re-credentialing application online, you can log into ProviderConnect using your ProviderConnect User ID and password at: http://www.valueoptions.com/providers/Providers.htm.

For information on using ProviderConnect, please refer to the ProviderConnect Users Guide. It is available by clicking on the ProviderConnect Helpful Resources link on the ValueOptions provider home page. Once you have logged into ProviderConnect, select Provider Data Sheet on the left-hand menu, review all of the information and make any necessary changes. After you have completed the entire application, including the Provider Profile questions, please electronically sign the attestation. When electronically signing, the application will be automatically submitted for review by the credentialing staff at ValueOptions. If you choose to print and fax the Attestation/Participation Statement page, you will be prompted to automatically submit your application once you select the checkbox for “…intend to fax…” and Save. Please Note: If you choose to continue editing the application, you must click on Submit on the top of the application to successfully complete and submit your online application.

Important Document Changes - ORF 1 & ORF 2

The ORF 1 and ORF 2 will no longer be accepted after December 31, 2011. Beginning January 1, 2012, please use the Outpatient Review Document. The Outpatient Review can be found on the ValueOptions website at the following location: http://www.valueoptions.com/providers/Clinforms.htm
